

## Press Release

### **2:2012-cv-0803 CAS (VBKx) Iviewit v. Time Warner, et. al.: CEO Lamont Addresses Iviewit Shareholders after Dismissal of Time Warner Inc.**

Armonk, N.Y. November 30, 2012/PRNewswire-FirstCall/ -- On November 28, Plaintiff filed a Stipulation to Dismiss Defendant Time Warner Inc. and to proceed against Warner Bros. Entertainment Inc., Stipulation and Order of which are attached herein as Exhibit "A."

Rather than to bog the Court down with jurisdictional issues, the focus of this hoped for precedent setting case will, from the start, be about far more than just the billion plus dollars in unpaid royalties the Iviewit shareholders have been denied. With the subsequent decision of any jury, a clear message will be sent: content owners, content transmitters, and content decoders of all these Iviewit knockoffs have been given ample fair warning.

For us this lawsuit has always been about something much more important than patents or money. It's about values. The jury will eventually have the opportunity to speak. We will applaud them for finding Warner Bros. behavior willful and for sending a loud and clear message that stealing isn't right. At the motion hearing that was continued to December 17, 2012 values will win and I hope the whole world listens.
